

Plasma and Fusion Research

The Japan Society of Plasma Science and Nuclear Fusion Research

We encourage to submit your paper at ITC29 to **PFR.**

- PFR is a **“peer-reviewed”** journal and covers wide disciplines of plasma research,

- (1) Basic plasma physics and new trends,
- (2) Magnetic confinement fusion (Ex & Th),
- (3) Inertial fusion energy,
- (4) Fusion engineering,
- (5) Applied plasma physics.

- PFR provides **“Free open access”** to full text articles via the Web.
- PFR is covered in **Scopus**, and **Emerging Sources Citation Index**.
- PFR is linked to various worldwide electronic journal sites. The papers published in PFR also appear in J-STAGE and are linked to papers on various worldwide electronic journal sites via ChemPort, PubMed, and CrossRef.
- For more information, please visit the PFR site: <http://www.jspf.or.jp/PFR/>
