

Test schedule for poster session using Remo

The local organizing committee has set up a test schedule for the poster sessions. The following six test days are available. Presenters should log in to the online participation web site to access the poster venue (Remo). After entering the poster venue, you can move to the floor and table of your choice. Once you are at your table, stick your poster on the whiteboard to make sure you have sufficient resolution.

If you have any technical problems during the test poster session, please contact by e-mail (ITC29remo@nifs.ac.jp).
